Milpitas, CA 95035 USA

Dear Ed,

This letter is to inform you that Panduit has approved the JDSU Certifier40G Cable Certifier to be used in testing Panduit's fiber connectivity solutions for Permanent Links consisting of OM1, OM2, OM3, OM4 and OS1/OS2 type fiber with the following requirements:

Firmware Version 5.1.33 or later

Testing in our lab has found that the JDSU Certifier40G showed good correlation to the fiber link performance tests. The fiber permanent link testing is necessary to verify the performance of Panduit's Fiber Connectivity Products in field installations.

PANDUIT also accepts the test results provided with this tester for all of Panduit's warranty programs.

Sincerely,

Doug Swalec
