

Confidently Send Your Newest Technicians into the Field for AnyJob

Try SmartAccess Anywhere (SAA) remote coaching application for any VIAVI OTDRs

The SmartAccess Anywhere application is the test support solution when it is time to send inexperienced staff in the field. Its remote access capability allows getting full control of a VIAVI OneAdvisor 800, T-BERD/MTS or a SmartOTDR test instrument using a smartphone, a tablet or a laptop.

The life-time license extends the standard connectivity capability of the VIAVI test instrument by adding the use of 4G/5G smartphone via internet sharing, to Ethernet cable and WiFi.

Top Features:

- Allow taking control of the remote test instrument and troubleshooting field technician's issue immediately
- Allow remote coaching from anywhere
- Provide on-line results analysis to prevent additional truck rolls to fix problems
- Enable to upload test results from the field to analyze and generate reports in office

The lead engineer can view the user interface of a new tech's OTDR remotely from his office chair

Experienced with OTDRs?

- Access the full-featured set-up and result pages.

Beginning with OTDRs?

- Access the simplified set-up and result pages.

With VIAVI Solutions, get in, get out, get paid!

Why choose a VIAVI OTDR?

Leading expertise in fiber testing since 1983

- A recognized leader in portable optical test solutions and monitoring systems with over 40 years of experience
- Approved for use on all major telecom networks globally

Enhanced products

- Linux-based operating system immune to security threats
- Connected test devices for data transfer to the cloud and remote coaching from anywhere
- Interface adjustable to the user's level of experience (entry to high-level)

Peace of mind guarantee

- Free of charge firmware updates to benefit from latest improvements

Test Process Automation (TPA)

- Test Process Automation (TPA) is a closed loop test system that optimizes workflows, eliminates manual, error prone work and automates immediate data reporting for job close out and team progress updates. [Discover more about TPA.](#)

Acceptance Reports Generation

- FiberCable 2 is a powerful post-processing PC software ideal to generate OTDR acceptance test reports. Discover VIAVI PC Software Suite at no cost. A trial version of FiberCable 2 allows you to run the full software version for 30 days.
- To download the trial version, go to <http://ofs.updatemyunit.net>.
